

HAZELBURY BRYAN ART GROUP ANNUAL REPORT 2013.

In 2012 we had a variety of different artists visit the Art Group.

The year began with a workshop with Des Armour showing us how to use gouache paints. This was followed by one of our regular Artists, Sarah Vidian, helping us to draw a selection of seashore objects. Robin Grey of Carran D'Ashe visited us and as always we had a very entertaining afternoon with demonstrations using the Carran D'Ashe products. Anita Law came in October and we had a watercolour demonstration using pens and brushes and a short workshop on a wet on wet approach to painting sunsets. Our last demonstration of the year was something completely different with Angela Woodhouse who makes stained glass. It was fascinating watching her make a beautiful butterfly and we had a very interesting talk on the history of stained glass manufacture.

In June one of our members Bidy Wingfield-Digby invited us all for a painting day at her bungalow in Eype. The weather was against us, being very wet, but the members who attended braved the elements and enjoyed the day. Also later in the month we all had a very entertaining evening at Bidy's home.

Our last event of the year was our Post Christmas lunch in January, this year at The Halsey Arms, Pulham, which was enjoyed by all attending.

At the end of the year we had 21 members so we have room for anyone who is interested in joining our friendly Group, beginners are very welcome.
