

The Camera Club was started September 2012. It meets once a month, mostly on the 4th Tuesday evening of the month. Some of the subjects we have covered are painting with light, understanding your camera. We all met one Saturday afternoon at the Sturminster Mill and all photographed the same subject, but we all ended up with very different pictures.

Members have been busy taking pictures of different parts of Hazelbury Bryan to be put on the Village website, so if you would like to see some of our pictures, do visit the Hazelbury Bryan website.

Our project for the year is to produce a 2014 Village Calendar of our best pictures taken during the year to raise funds for Charity.

If you have a camera, it does not matter if it's one on your phone or whatever camera you have, if you enjoy taking pictures, then why not join us. For more information give me a call on 818056.
